[Online Licence \(Single User\)](#)

[Online Licence \(Multiple/Multi User\)](#)

The Online Licence (Single User) is intended for use by a single user. That purchaser will be able to create as many cases as they have purchased credits. Each credit or case will be available for initial and confirmatory assessments, the creation of a base line skills profile and as many reviews of progress as are wanted within the purchase period of the Licence.

The Online Licence (Multiple / Multi-User) is intended for use by an account holder who wishes to create multiple users of the purchased credits. This licence permits the purchaser to create as many organisations and / or users as s/he needs and to distribute the credits between them. This is particularly useful if, for example, the Licence is held by an authority or service that wishes to distribute credits between a number of schools. Each organisation within that licence can then create Users who can create cases. Each credit or case will be available for initial and confirmatory assessments, the creation of a base line skills profile and as many reviews of progress as are wanted within the purchase period of the Licence.

Refund policy:

Since Thriveftc is offering non-tangible irrevocable goods we do not issue refunds once the order is accomplished and the product (online case assessment/s) is sent. As a customer you are responsible for understanding this upon purchasing any item from our site. However, we realise that exceptional circumstances can take place with regard to the character of the product we supply.

Therefore, we do honour requests for refunds for the following reasons:

- **non-delivery of the product:** due to some mailing issues of your email provider or your own mail server you might not receive a delivery email from us. In this case we recommend contacting us for assistance. Claims for non-delivery must be submitted to sales @thriveftc.com in writing within 7 days of placing order otherwise the product will be considered received and downloaded.
- **download and unzipping issues:** it may happen that you have problems downloading or unzipping the product. Claims regarding such issues must be submitted to our technical support department. If you do not contact us within 3 days from date of purchase, you agree that we may construe silence as a successful download of the product with no further right of redress or refund for a "download issue". Failure to receive a request for assistance for downloading or unzipping within 3 days may result in a refund decline.
- **major defects:** although all the products are thoroughly tested before release, unexpected errors may occur. Such issues must be submitted for our technical support team's approval. We reserve the right to rectify the error or defect within 72

hours. If any deficiency is found and we fail to correct it within 72 hours from the date of the official complaint letter or any other notification provided by a customer, the refund will be issued to the customer in full without any compensation or reimbursements.

- **product not-as-described:** such issues should be reported to our technical department within 7 days from the date of the purchase. Clear evidence must be provided proving that the purchased product is not as it described on the website. Complaints which are based merely on a customer's false expectations are not honoured. A free demonstration is available for evaluation purposes.

Please note that **we do not bear any responsibility** and therefore we do not satisfy any refund/return/exchange requests based on incompatibility of our product with some third-party software (plug-ins, add-ons, modules, search engines, scripts, extensions etc.). We do not guarantee that our product is fully compatible with any third-party programmes and we do not provide support for third-party applications.

Our technical support team is always eager to assist you and deliver highly professional support in a timely manner. Thank you for purchasing our product.
